The Muhammadan Du'a

By Shaykh Muhammad al-Yaqoubi

Allah suffices me, the All-Hearing, All-Seeing,
Allah suffices me, the All-Wise, All-Aware.

Allah suffices me, the Close, the Responding,
Allah suffices me, the Strong, the Almighty.

Allah suffices me, the Supreme Deity,
the Majestic, the Great, the All-Overseer.

Allah suffices me, as Aid and Support,
a Rescuer in difficulty and danger.

Allah suffices me, He erases my sins,
Allah suffices me, He veils my mistakes.

Allah suffices me, to remove calamities,
Allah suffices me, to protect against evils.

Allah suffices me, when I'm ill He is gentle,
He cures me and averts every peril.

Allah suffices me, He grants me recovery,
covers me with healing, joy and vigour.

Allah suffices me, He removes harm from me,
He gently protects me from an evil ending.

10. Allah suffices me, He guards and encircles
Safely my country with walls of protection.

Allah suffices me, He sends rain and waters,
creation with a drink, so pure, fresh and wholesome!

Allah suffices me, the most gracious Guardian,
Allah suffices me - He is my Protector.

Allah suffices me, He's noble and generous,
Allah suffices me, the Remunerator.

Allah suffices from my sins and frivolity;
Allah alone suffices from my delusions.

15. Allah suffices me from pretension and self-love,
Negligence and concern with other than Him.

Allah suffices me in my life and my death,
Allah suffices throughout all the ages.

Allah suffices me when He resurrects me,
Allah suffices from the torment of the grave.

Allah suffices me, He grants all awards,
Allah suffices me, He pays all rewards.

Allah suffices me, His care envelops me,
Protecting from scheming immoral people.

20. Allah suffices me, He has always provided,
Before creating me, before the rise of ages.

Allah suffices me, He has led me to Him,
That was by His guidance - not by my self-planning.

Allah suffices me, King of all dominions,
His light in life is the most splendid of lights.

Allah suffices me, He wipes out all my sins,
Allah suffices me, the forgiving Deity.

Allah suffices me, lenient with my weak state,
Allah suffices me, veiling my mistakes.

Allah suffices me, He knows my petition,
He is not in need of an explanation.

Allah suffices me, whatever I ask or need,
None of it is ever difficult for Him.

Allah suffices me, He provides and enriches,
He determines my destiny in all events.

Allah suffices me, the One, the Exalted,
He has no deputy, companion or partner.

Allah suffices me, the One and the Only,
On Whom I can rely in all circumstances.

I disclaim my self-management, and in Him
I take refuge, and on His Planning I depend.

O my God, I beg You for Your forgiveness,
I stand before You brokenhearted, repentant.

Pardon and forgive me all my wrongdoings,
grant me safety on the Day of Rising.

Save me from the torment of a Tremendous Day,
Shield me from the horror of a blazing FIre.

Keep away from me all worries and sorrows,
catastrophes and trials and destruction.

Make me swiftly pass across the (decisive) Bridge,
Let me dwell in palaces in (eternal) Garden.

Allah suffices me, He hears my prayers,
He restores the heart of the broken, remorseful.

Allah suffices me, I entered His Presence,
Through TaHa, the Prophet, Bearer of good tidings.

Mankind's intercessor, the Best of creation,
Most Beloved of God, the fullest of full moons.

I'm pleading and hoping, by means of the Beloved,
May Allah accept these lines I am presenting.

40. Blessings be on him, as long as someone recites:
"Allah suffices me, the All-Hearing, All-Seeing".
